How it works

Twenty prompts you can copy into any chatbot, to practise English, and a page on using it safely.

How to use a prompt

1. **Pick one prompt.** Fill in the lines like ___ with your own words.
2. **Type it into a chatbot,** with a grown-up if you are a child.
3. **Say your answers aloud** before you type them.
4. **Check what it says,** using the "Then" line and the checklist on page 10.

Writing a better prompt

- Say who you are: "I am a beginner in English."
- Say the level you want: "Use short, simple sentences."
- Ask for one thing at a time.
- Tell it to wait for your answer.
- Ask it to explain the mistake, not just fix it.

It is good for

- Practising a chat without feeling shy.
- Explaining a word in simple language.
- Making quick quizzes and short texts.
- Giving you more examples.

It is not good for

- Hearing you, in a text chat.
- Being right every time.
- Replacing a teacher or a book.
- Knowing what you did not tell it.

What this book is

It is a set of prompts and habits, in English only, that work in any chatbot. It does not name or recommend a product, it does not promise a level or a result, and the examples are only examples. A chatbot can make mistakes, so check what matters.

The safety page

For learners and grown-ups

Read this page before the first prompt. It takes two minutes.

1

Keep private things private

Do not type your full name, home address, school, phone number, passwords, bank details or photos of yourself or other people. Use an example name instead.

2

Children use it with a grown-up

A child should sit with a parent or teacher, and read the tool's own rules, because tools have their own age limits and terms. This book does not decide that for you.

3

An AI can be wrong

It can give a confident answer that is incorrect, or make up an example. Check anything important in a dictionary, a grammar book or with a teacher.

4

Do the speaking yourself

A chat that you only read teaches little. Say your answers aloud, and use the sentences with a real person.

5

Do not copy it as homework

Use the AI to understand, not to do the work for you. A teacher usually wants to see your own writing.

6

Take breaks

Ten to fifteen minutes is enough. Stop when you are tired or when the chat stops being useful.

Prompts 1 to 4

01

TALK IT THROUGH

A friendly chat partner

> Let us practise English. Pretend you are a friendly shopkeeper and I am a customer. Use short, simple sentences. Ask me one question at a time and wait for my answer.

Then: Read each question aloud, answer aloud, then type your answer. Do not type your real name or address.

02

TALK IT THROUGH

Talk about my day

> Talk with me about my day. Use only simple words. After each of my replies, ask one short follow-up question.

Then: Stop after ten replies. Then try the same chat again without looking at your notes.

03

TALK IT THROUGH

A role-play at a place

> We are at _____ (a bus stop, a doctor, a bank). You play the helper. Use polite, simple English. Do not correct me during the chat. Tell me my three biggest mistakes at the end.

Then: Choose a place you will really go to this week.

04

TALK IT THROUGH

Sentences to say aloud

> Give me five short, easy sentences about _____ that I can say aloud. Then tell me which words might be hard to pronounce.

Then: An AI cannot hear you in a text chat. Check how a word sounds in a dictionary that has audio, then say it yourself.

Prompts 5 to 8

05

TALK IT THROUGH

Practise an interview

> Ask me five simple interview questions, one at a time. After my answers, tell me one thing that was clear and one thing I could say more simply.

Then: Answer aloud first. Then write it down and compare.

06

FIX MY ENGLISH

Correct one sentence

> Please correct this sentence and explain the mistake in one simple line: _____

Then: Write the rule in your own words in the notes page. If the explanation does not make sense, ask a teacher or check a grammar book.

07

FIX MY ENGLISH

Say it more naturally

> Here is what I wrote: _____ Show me two simpler, more natural ways to say the same thing.

Then: Pick the one you would really say, and say it aloud three times.

08

FIX MY ENGLISH

Check a paragraph

> Read my paragraph. List the three most important mistakes and show the corrected sentences. Do not rewrite the whole thing.

Then: Fix the paragraph yourself first. Then compare with the AI's answer.

Prompts 9 to 12

Copy, fill in, try

09

FIX MY ENGLISH

A short polite message

> Help me write a short, polite message to _____ about _____ . Keep it under 80 words. Then explain two phrases you used.

Then: Make sure the message says what you really mean. Remove anything you would not say.

10

FIX MY ENGLISH

Is my tone right?

> Is this message polite, too direct or too casual? Explain in simple words and give a better version: _____

Then: Tone changes between places and people. If the message matters, ask a person you trust too.

11

WORDS AND GRAMMAR

Explain a word

> Explain the word “ _____ ” in simple English. Give three example sentences and one common mistake.

Then: Look the word up in a dictionary too. Copy one example sentence into your notes.

12

WORDS AND GRAMMAR

Two words that look alike

> What is the difference between “ _____ ” and “ _____ ”? Give two short examples for each.

Then: Write one sentence of your own with each word, then ask the AI to check them.

Prompts 13 to 16

Copy, fill in, try

13

WORDS AND GRAMMAR

Grammar in plain words

> Explain _____ (for example the past simple) in very simple English. Give five short examples and three practice questions. Wait for my answers before you show the key.

Then: Answer all three before you read the key. Then check the rule in a grammar book as well.

14

WORDS AND GRAMMAR

Quiz me

> Give me five fill-in-the-blank sentences about _____ . Do not show the answers until I reply.

Then: If you get two wrong, ask for five more on the same idea.

15

WORDS AND GRAMMAR

Ten useful words

> Give me ten useful words for _____ with a short, easy example sentence for each.

Then: Learn three, not ten. Say each sentence aloud and use it once today.

16

READ AND WRITE

A short story at my level

> Write a very short story (about 100 words) about _____ using simple words. Then ask me three questions about it.

Then: Read it aloud once. Answer the questions in full sentences.

Prompts 17 to 20

Copy, fill in, try

17

READ AND WRITE

Say it in three sentences

> Summarise this text in three simple sentences: _____

Then: Read the original first and try your own summary. Then compare. Do not paste anything private.

18

READ AND WRITE

Write about my day

> I will write three sentences about my day. Wait for each one. Then give me one improvement for each.

Then: Keep your own sentences. Add the improved versions underneath, not instead.

19

MAKE IT A HABIT

A seven-day plan

> Make me a seven-day plan to practise English for ten minutes a day. My goal is _____ . Keep each day to one small task.

Then: Cut the plan down if it is too much. A small plan you finish is better than a big one.

20

MAKE IT A HABIT

Look back at my mistakes

> Here are the mistakes I made this week: _____ Make a short list of what I should practise next.

Then: Choose one thing from the list, not all of it.
